Prepaid Gift Card

A Prepaid Gift Card is a stored valued card that carries a VISA logo. It is not a debit card, as it is not linked to a checking or savings account. It is not a credit card, as the funds that can be spent are funds already placed on the card. This Gift Card is not reloadable. The transaction types allowed with Gift Cards are: Signature POS & PIN POS.

The Gift Card is an option for cardholders wanting to purchase a gift for someone but do not know what to purchase them. The Gift Card is more secure than cash and a convenient way to provide funds as a gift. In addition, Gift Cards have the added benefit of Zero Liability on all signature base fraudulent activity.

The Office of Foreign Assets Control, which is a division of the U.S. Department of the Treasury. It administers and enforces economic and trade sanctions against targeted foreign countries, terrorism sponsoring organizations and international narcotic traffickers based on U.S. foreign policy and national security goals. Financial institutions must monitor all financial transactions performed by or through them to detect those that involve any entity or person subject to the OFAC laws and regulations. Your responsibility, as the Credit Union, is to know the individuals purchasing Gift Cards from your institution. LSC does monitor reports from our processor in case anything should flag as suspicious. If a cardholder is flagged, LSC will run the questionable information through Patriot Guard. Card Destruction

All Visa Gift Cards are issued to the Credit Union with a seven year expiration date. In 2009 the Card Act requires all Visa Gift Cards to have a minimum five year expiration date when sold to a consumer.

LSC gives Credit Unions two years to sell the cards before the cards are no longer valid. If any of your Gift Cards have reached a five year expiration date you must properly destroy the cards because of their invalid status. Credit Union Administrators will deactivate cards with less than a 5 year expiration date through the Deactivation function in Prepaid Access.
